

PRODUCT FEATURES:

- Adds Bluetooth Handsfree Calling to the OEM radio.
- Adds 4 channel Bluetooth Music streaming to the OEM Radio.
- Maintains the use of the factory XM radio, if equipped.
- Automatically pauses BT Streaming when a call is received, and resumes when the call is ended.
- Allows user to answer, end calls track up and track down using the steering wheel controls.
- DSP and Echo-Cancellation allows for clear conversations on both sides of the phone call.
- Automatically mutes any source as soon as a call is received, and resumes when call is ended.
- Allows any previously paired mobile phone to automatically re-connect to the Bluetooth interface.
- Fully retains OnStar functionality.
- Hear Navigation App voice prompts from the factory speakers while in Bluetooth mode.
- Magnetic Phone Mount Included.

NOTE ON iPhone / iOS DEVICES: It can take approximately 2 minutes for the phone to reconnect after the vehicle is restarted.

INSTALLATION INSTRUCTIONS:

1. Remove the radio to gain access to the connectors.

2. Unplug the factory radio connectors and plug them into the BTGM-33 T-harness.

3. Plug the male connectors of the BTGM-33 T-harness to the radio.

4. Mount the microphone to a desired location. We recommend mounting it by the rearview mirror or the A pillar. Point the microphone towards the driver.

5. Run the microphone wire along the front headliner, down the A pillar and towards the radio. Plug the 3-pin plug of the microphone cable to the mating connector on the BTGM-33 T-harness.

6. Plug the 12-pin Molex connector to the BTGM-33 module.

7. Go to the Bluetooth setting on your phone and connect to blueLOGIC.

8. Go to XM mode on the radio and press SEEK DOWN until you hear a beep. Confirm that blueLOGIC is shown on the screen. Play music from your phone and the audio will be heard from the factory speakers. Make a phone call to confirm that the handsfree mode is functioning.

9. Press the SEEK DOWN button until you hear a beep to toggle between XM and Bluetooth mode. When a phone call is received, the BTGM-33 will automatically change to BT mode even if the radio is in any other source.

STEERING WHEEL CONTROL FUNCTIONS

Track Up / Pick-up Call

Volume Up

Source Button / In XM mode, long press to toggle between XM and blueLOGIC

Volume Down

In blueLOGIC mode, Play/Pause

Track Down / End Call

MAGNETIC PHONE MOUNT ASSEMBLY AND USE:

1. Pop-in magnetic head to base socket.
2. Tighten locking nut to desired tilt.
3. Slide into the AC vent grille.
4. Use the desired metal plate size and stick on the back of the phone or insert behind the phone case.
