- On-screen display setup.

### Vehicle Applications

PORSCHE	Screen Size: 7"
2017	718
2017	911
2017	Cayenne
2017	Macan
2017	Panamera

### Navigation / Radio Compatibility

- Works on Porsche vehicles with PCM4 systems.

### Parts Included

RVCPR-66K Module

Power Harness

OSD Board

LVDS Cable

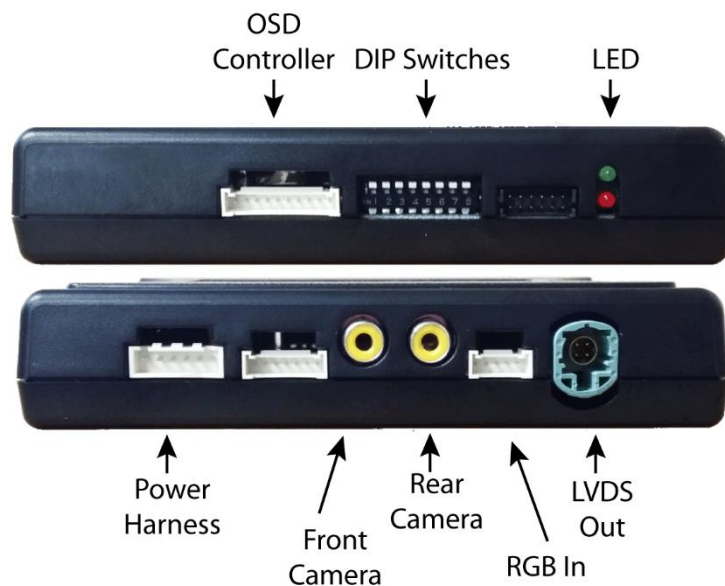

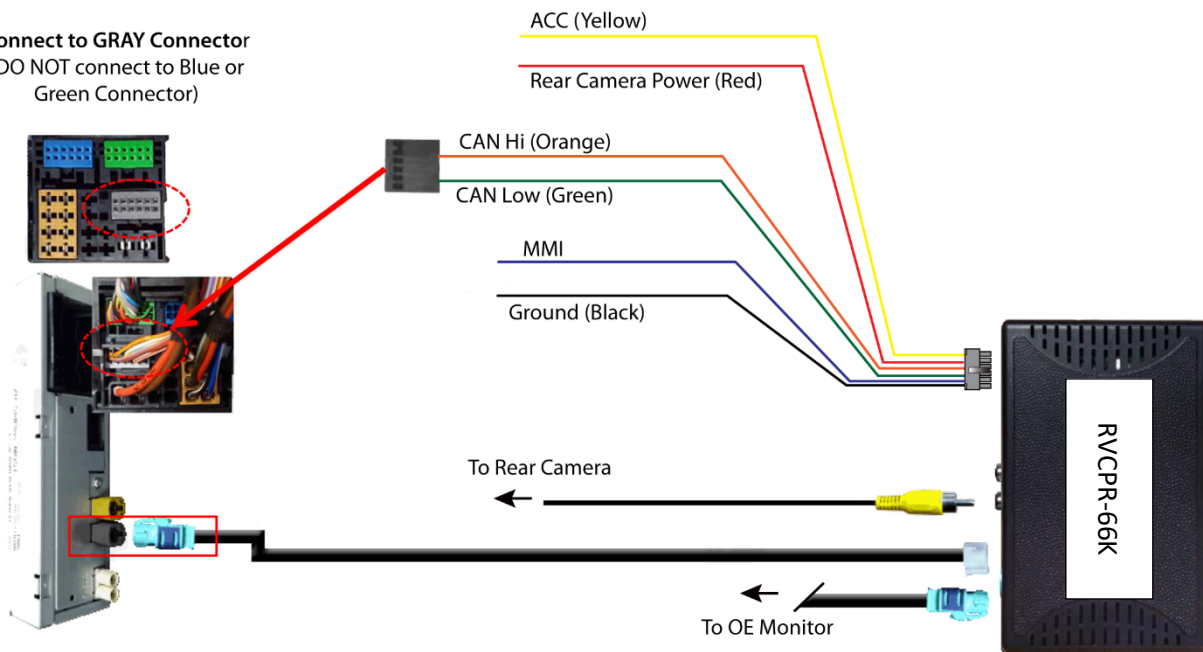

5-Pin RGB Cable

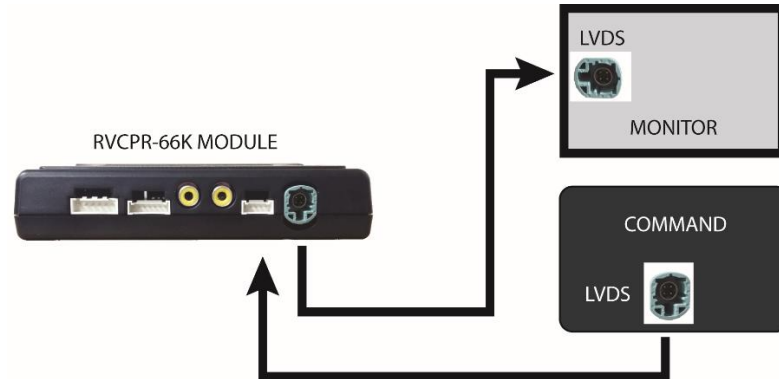

### Wiring Diagram

Connect to GRAY Connector  
(DO NOT connect to Blue or Green Connector)

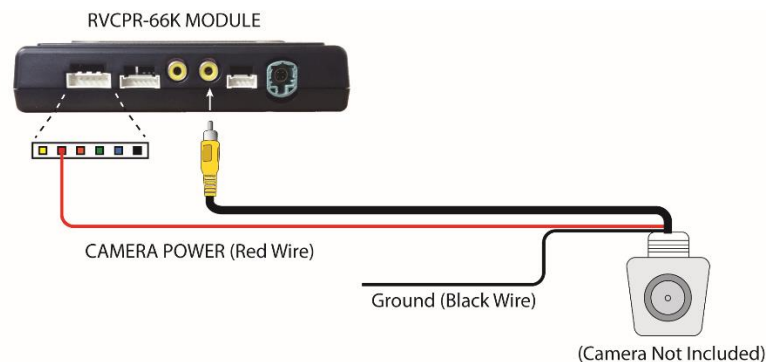

### Installation Instructions

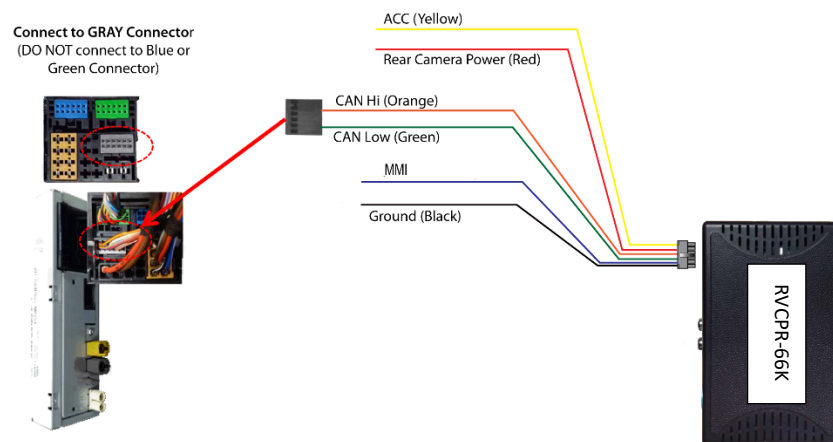

1. Review the connection of the LVDS cable below.

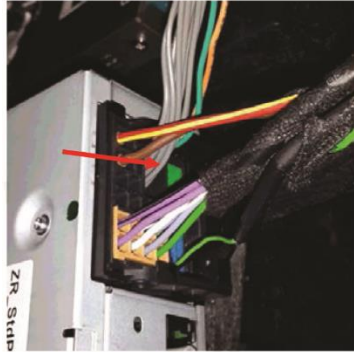

2. Install the camera (not included) and route the cable to the location of the RVCPR-66K module. Plug the Yellow RCA connector of the camera cable to the female RCA of the RVCPR-66K. Please take note of the Rear Cam RCA input.

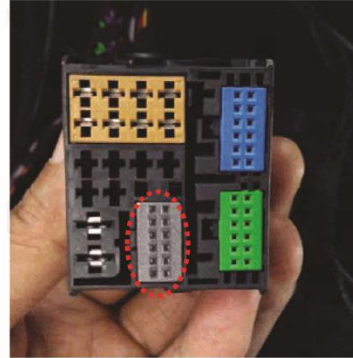

3. Remove the radio and make the wiring connections at the Quadlock connector. See diagrams below and next page.

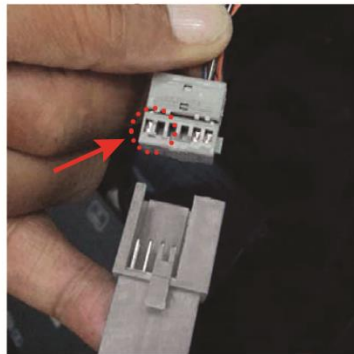

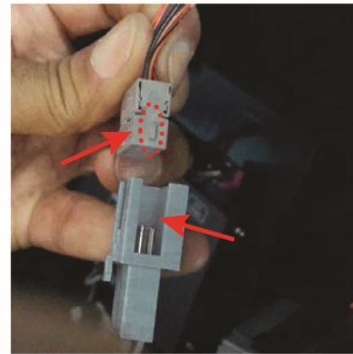

Unplug Quadlock connector.

Pull out the GRAY connector.

Plug the GRAY connector to the male GRAY connector of the PR-66K harness. Take note of the pin location. (circled)

Make sure that the tab line up with the open side of the male connector.

### OSD CONTROLLER

The RVCPR-66K settings can be configured by using the OSC Control board included. Plug it into the 10-pin connector next to the DIP switches. See MENU settings below and on the next page.
