- Retains functionality of Factory-installed Navigation System for passenger access at anytime.

Notes

- Compatible with: VW MIB Composition Media (6.5"/7") and AUDI MIB MMI Navigation (7") systems.
- Not compatible with Touch Screen systems.

Parts Included

VIMAD-840 MODULE

OBD II PLUG

Installation Instructions

1. Locate OBD-port and remove cover.
2. Turn on ignition.
3. Wait until the head-unit has completely booted.
4. Plug the VIMAD-840 into OBD-port which is usually located under the steering column.
5. Leave coder for about 30 seconds in OBD-port until the Green LED has a steady light.
6. Remove coder from the OBD-port.

To reverse the coding repeat steps 1-6.

After the first use on a vehicle, the VIMAD-840 is personalized to this vehicle and can be used unlimited times to code or reverse coding on this vehicle only.

LED Information:

LED	Status	Description
Green	Solid	Coding procedure successfully completed
	Flashing	Coding process in progress
Red	Solid	Remove coding procedure successfully completed
	Flashing	Coding process failed / license violation
Green + Red	Solid	CAN Communication Error! - Abort coding session
